Automotive Technology — Electronics and Diagnostics

Central Oregon Community College · Associate

Develop diagnostic and repair skills for vehicle systems through technical and practical study.

BEFORE YOU APPLY

Choose this technical AAS rather than assuming the Automotive Management award has the same requirements.

TIME, SCHEDULE & APPLICATION

AAS degree; confirm the full course sequence. The department teaches at Bend and Redmond and through other partnerships; confirm where this exact award's required labs meet.

BUILD YOUR BUDGET

2026-27 tuition is $130 per credit for in-district residents and $185 for out-of-district Oregon residents and qualifying border-state residents. Course, lab and other fees are additional; Oregon residency alone does not establish the in-district rate. Add remaining program and living expenses; compare your cost after confirmed aid.

CREDENTIALS & OUTCOMES

A degree does not automatically confer every industry certification. Employers and certification bodies may require separate assessments and work experience.

YOUR NEXT THREE STEPS

1. Review the exact program. Match the award and location to the route you want.
2. Check preparation and timing. Ask for a personal course plan and the next admission steps.
3. Build your full budget. Include required charges, travel and living expenses.

Program review: 2026-09-15. Evidence update: September 16, 2026.
