Biology

Linfield University · Bachelor

Explore living systems through scientific investigation, laboratory methods and analysis.

BEFORE YOU APPLY

Review the required science sequence and laboratory equivalencies before relying on transfer credits.

TIME, SCHEDULE & APPLICATION

120 credits. Confirm the full bachelor’s degree plan. Budget separately for any optional January Term travel; the availability of an experience does not mean it is required or included in tuition.

BUILD YOUR BUDGET

2026-27 full-time undergraduate tuition is $26,590 per semester, with $160 technology, $130 health-center and $155 student-body fees per semester. This McMinnville-campus base excludes housing, meals, supplies and additional course charges, before financial aid. Add remaining program and living expenses; compare your cost after confirmed aid.

CREDENTIALS & OUTCOMES

Biology can support laboratory and research-related work. It is not a clinical license; medicine and many specialist research careers require further education. Scorecard related-field median: $49,714 at 4 years after completion (2024 dollars). See profile for cohort and coverage.

YOUR NEXT THREE STEPS

1. Review the exact program. Match the award and location to the route you want.
2. Check preparation and timing. Ask for a personal course plan and the next admission steps.
3. Build your full budget. Include required charges, travel and living expenses.

Program review: 2026-09-15. Evidence update: September 16, 2026.
