

Cybersecurity — Networking and Security Operations

Mt. Hood Community College · Associate degree

The Networking and Security Operations degree is distinct from the penetration-testing degree and the college's applied bachelor's pathway.

BEFORE YOU APPLY

Review computing and networking foundations before the security sequence.

TIME, SCHEDULE & APPLICATION

96-100 credits in the published AAS plan. Confirm prerequisite placement, course availability and transfer credits with an advisor.

BUILD YOUR BUDGET

The current catalog lists resident tuition of \$132.75 per credit for the first 18 credits in a term. Required fees and course-specific charges are additional. Confirm the applicable academic year and any overload pricing before calculating your bill. Add remaining program and living expenses; compare your cost after confirmed aid.

CREDENTIALS & OUTCOMES

Security analyst roles often require prior IT experience. Certifications, employer screening and hands-on projects are separate from the degree.

YOUR NEXT THREE STEPS

1. [Review the exact program](#). Check the award, entry checklist and next start.
2. [Build your full budget](#). Include preparation, supplies and travel.
3. [Explore the connected career](#). Compare duties, Oregon wages and required preparation.

Program review: 2026-09-16. Evidence update: September 16, 2026.
