Radiologic Science

Oregon Tech · Bachelor of Science

Explore imaging through science, patient care and clinical practice.

BEFORE YOU APPLY

Complete Pre-MIT and apply separately. Posted selection rules include a 2.95 weighted GPA minimum; MIT 103 is through Oregon Tech. Check current rules and transfer credits.

TIME, SCHEDULE & APPLICATION

Prerequisites and selected study lead to an 11-month full-time final-year externship. Campus: Klamath Falls; placement varies. Fall 2026 selection is closed; verify the next intake.

BUILD YOUR BUDGET

2026-27 resident campus tuition for this differential-rate major is $361.04 per credit, before mandatory and course fees. New and transfer campus students also pay a one-time $350 matriculation fee. Online and nonresident rates differ; add books, equipment, placement travel and living expenses.

CREDENTIALS & OUTCOMES

Degree, registry exam and licensing are separate. Oregon Tech reports a historical $55,560 starting median for 2017-2019 graduates; this is not current pay or a guarantee.

YOUR NEXT THREE STEPS

1. Review Pre-MIT with an advisor. Ask how completed courses, transfer credit and MIT 103 fit your prerequisite plan.

2. Check the next selection cycle. Read the separate requirements and ask when the next application opens.

3. Plan the externship year. Ask how full-time shifts, location and housing would affect your schedule and budget.

Program review: 2026-09-15. Evidence update: September 16, 2026.
