Renewable Energy Systems

Portland Community College · Associate

This renewable-energy route is part of Electronic Engineering Technology. Ask which energy systems and technical laboratories are included in the specific award.

BEFORE YOU APPLY

Review the Renewable Energy Systems course map and have an advisor evaluate prior credits and placement before registering.

TIME, SCHEDULE & APPLICATION

2 years full-time. Prior credits, prerequisite placement and course availability can change your personal completion date.

BUILD YOUR BUDGET

PCC publishes resident tuition of $143 per credit. This is not the complete program price: add required fees, materials, any prerequisites and program-specific equipment and attendance costs.

CREDENTIALS & OUTCOMES

Renewable energy study builds a technical foundation; it is broader than installer training and does not by itself authorize electrical work. Census related-field median: $64,666 at 1 year (2016–2020 cohorts; 2023 dollars). See profile for field, credential and coverage limits.

YOUR NEXT THREE STEPS

1. Review the exact program. Check the award, entry checklist and next start.
2. Build your full budget. Include preparation, supplies and travel.
3. Explore the connected career. Compare duties, Oregon wages and required preparation.
