

Computer Science

University of Portland · Bachelor

Build computing, programming and problem-solving skills for software work and further study.

BEFORE YOU APPLY

Compare the BSCS with the separate post-baccalaureate program and confirm mathematics placement.

TIME, SCHEDULE & APPLICATION

Four-year curriculum; confirm transfer plan. Allow time for collaborative design and capstone work alongside classroom study in Portland.

BUILD YOUR BUDGET

2026-27 full-time fall/spring tuition is \$30,500 per semester for 12 or more credits. Professional tuition adds \$160 per BSN nursing credit or \$110 per engineering/business or nursing public-health-and-wellness credit. Other fees, books, living costs and summer study are additional, before financial aid. Add remaining program and living expenses; compare your cost after confirmed aid.

CREDENTIALS & OUTCOMES

A computing degree can build relevant skills, but hiring also depends on projects, technical practice and experience. A concentration alone does not establish readiness for every specialist role.

YOUR NEXT THREE STEPS

1. [Review the exact program](#). Match the award and location to the route you want.
2. [Check preparation and timing](#). Ask for a personal course plan and the next admission steps.
3. [Build your full budget](#). Include required charges, travel and living expenses.

Program review: 2026-09-15. Evidence update: September 16, 2026.
